

# Still helping you through the Coronavirus Crisis

**Back in March we said we are here to help all our valued clients through the financial minefields created by the global pandemic-Coronavirus (Covid1-19). Throughout all these months, we have helped many of you with advice and furlough calculations and as time goes on and things evolve we are still here to do so.**

We still have many of our own team working remotely, but our office has remained open throughout. If you and your people are also working remotely and/ or struggling to keep your records straight then please let us know. We can install a variety of Cloud based solutions to help and if you can scan and securely email documents to us we can help in posting them. We have and will continue to complete your accounts, VAT, tax returns and payroll in a timely manner. If you'd like to drop your books in to us, you can do so. Just give us a call, arrange a time and please wear a face covering when you visit.

We can review your accounts using Zoom for a number of our meetings and if you would prefer this, we can review your accounts using this.

## **Our team can be contacted using their Direct Dial numbers or emails wherever they are working:**
